

Engrena Partnership

BGA Online Training 2026

The British Gear Association (BGA) are the leading providers of gear related training in the UK and Europe. All BGA training is developed and delivered by Gear experts from Academia and Industry.

From introductory classes to more in-depth specialist training we have all your gear training needs covered. Our courses are suitable for all sections of the gearing world. From students and apprentices starting out in their careers to experts wanting to hone their skills or get up to date with the latest developments. Most of our training is CPD Accredited. After attending our courses in full you will receive a certificate of attendance.

Thanks to the continued support of the BGA Membership and through the Engrena Partnership Agreement we can offer **Engrena Members entry to 1 course from our 2026 online training to 1 delegate from the Engrena Membership Organisation per year** – non-member fees remain at £350 per delegate. Please select the most appropriate person and course you wish to attend.

If you would like to register for any of our essential gear training please contact your **Engrena Partnership Contact directly** and they will liaise with BGA to get you registered on our new training platform.
